100,0% Δ 0,0%

Recycled in Europe

0,0% Δ 0,0%

Recycled in Middle-East

0,0% Δ 0,0%

Recycled in Asia

Disclaimer

The information compiled in this document is based on the data communicated by the Valipac affiliated waste management companies and traders. Valipac has ensured the control and processing of the individual data. Valipac is also continuously auditing recycling facilities in order to prove that they are working according to the EU standards. This summary is a picture of a chosen moment which could evolve. Valipac cannot guarantee the full accuracy of the data. This summary is made available for informational purposes and with a view to optimizing C&I packaging waste recycling processes. Valipac declines all responsibility in case of communication of this information to third parties.
